Interest in the feasibility of instituting a council management form of government in Bay St. Louis was apparent by filled benches in Hancock County Courthouse last Thursday night. Businessmen formed the nucleus in attendance, but a number of just plain citizens were among the audience.

No dramatic utterances were made, ranting and breast beating and radical calls of impeachment were not in evidence. Instead, an air of dignity and intelligent inquiry prevailed, although some irrevelant questions were asked, and even though visiting dignitaries at times wondered just what their presence had to do with broken axles, ruined mufflers, and the like, they did their best to ans-

council They outlined the process in which a mayor, five councilmen and one councilman at large are elected by residents of a town. In Meridian this body then appoints an advisory board, which receives no pay, and hires a city manager, qualified with a college degree in city management and training in accounting, engineering, public relations, administration of city affairs, public financing and law. He is answerable to the mayor and councilmen, and in turn, to

the voters. Among his duties are scheduling tax rates and administering public utilities, police and fire, civil defense, recreation, maintenance and education departments. At meetings he

Trustee Treasurer, J.D. Putherford pointed out that now that the hospital is subject to the Fair Labor and Standard Act the employes in most salary brackets have to be paid more even though they already mest the maximum required. This is necessitated by the fact that when salaries of lesser paid employes have to be raised unier the gradual build up required by the hour and wage law persons in higher job classifications need to be raised to maintain the proper salary deferential.

The present minimum wago for the hospital is \$1 an hour, and this has increased operating expenses of the hospital by \$3,000 a month. Next Feb. 1 the minimum wage will increase to \$1.15 an hour and this will add another \$2,000.00 per month to operating expenses. Rutherford concluded that to meet this proposed increase in expenses either the county would have to raise the millage for the

The organizational meeting of the Bay St. Louis Advisory Committee was held last Thursday night If the percentage (50) of the 58 invited did) give cany clue it is that the group intends to do a job even though at present its scope is broad and vague

One not-even-veiled reason for the commission council to seek this group's advice is the sad state of our streets and the sub-committee to look into that problem has already been appointed. In this connection the city fathers must hope that the com mittee can help bail them out.

It is unfortunate that the advisory committee was not formed before a citizens' group started looking into the pros and cons of the city manager type it government and stirred up some talk it a recall petition. In fact, it is unfortunate that some such committee was not formed immediately after most at the recent public utility construction was complered

Local banks make it easy

Signs in several local stores to the effect that effective September 1 federal reserve banks require that all checks must be on personalized checks furnished the drawer by their bank has caused us, and we assume others, some confusion because the signs are too inclusive.

It is true that checks which must be cleared through one of the federal reserve banks should be on personalized checks because these checks have a magnetized routing code on them. Because of the enormous volume of checks passing through the various federal reserve banks they do require checks to carry this code. Thus, a check drawn on a Shreveport or Atlanta bank presented in Bay St. Louis will need to be on personalized checks because the check will clear through a federal reserve bank.

On the other hand, all three local banks will accept locally drawn checks drawn on them even if the check is drawn on notepaper or watermelon. Thus, the counter check has not yet been made ob-

reports

By Senator Total Stemmis The recent riots in many parts of the country have proved the urgent need for some federal legislation to help control radical extremists who incite to riot. I am pushing a bill now in Senate Committee and Ithink it will be passed before Congress adjourns. This bill will

be no cure-all, but is a step in

the right direction which is long Six years ago when the socalled freedom riders were rowing over the South, I introduced an almost identical bill which was given little attention outside the South. Two years ago I offered a similar measure as an amendment to the Voting Rights Act and it was defeated. At that time I said to the Senators from other

parts of the country, "Your time

I take no pleasure in seeing this prediction come true. Neither do I take any credit for being a prophet. Anyone with the will to see could have foretold the riots such as occurred in Detroit from the first sit-in demonstrations in North Carolina, and elsewhere. All are an example of the same disrespect for law and differ only in the degree of the offense. We have moved in a steady progression from simple trespass to arson and murder Civil disobedience has reached its logical fulfillment in criminal anarchy. The bonds of the law

At 230 a.m. on Friday, Sept. 16, 1967, I was awalconed by a pair of flashlights shining at my front door, Two Bay St. Louis patrolmen informed me that my business, Hancock Marine, was being robbed I raced to the scone and found Chief Carrisa, three patrolmen from Bay St. Louis and two patrolmen from Waveland already present. Smooth, efficient police work commenced immediately. Within half an hour, Mississippi and Louisiana police were notified and state investigators were on their way. By daylight, a fingerprint expert from Gulfport was at work, and later, a special investigator came in and began assembling the evidence, By noon the suspect was under

arrest. Frankly, I was extremely impressed with the cooperation and team work shown by the Waveland, Bay St. Louic, Gulfport and State police &gencies. These people all their best efforts in bringing the thieves to bay in less than eight hours. More of this type work by police may make honest citizens of our criminal element yet. My sincerest congratulations and thanks to Chief Garriga, the Bay St. Louis and Waveland police departments on a fino effort.

Editor, Sea Coast Echo:

I note the mayor and commissioners of the city of Bay St. Louis have just appointed an advisory committee consisting of numerous citizens and while I do not object to the appointment of an advisory committee, I would like to point out that such a committee comes too late and should have been dons long, long ago.

It is strange that Commission Council would, as of this late hour, appoint an advisory committee since numerous citizens representing various civic organizations, business groups and interested citizens havo been attempting to advise the city fathers for sometime now, and they have completely ignored and refused their advice. I seem to recall that one civic group, having failed to receive a response to its recom nendations, finally published an open letter to Council in this newspaper. Is Commission Council really ready to be advised and assisted by the citizens? I think not!

I think it is obvious that the real reason for this lake hour move is for the city fathers to advise the committee what they roally want. This is an attompt to gain support for present administration purposes by flattoring the so-called advicory committee members for the political benefit and advantage of the present administration. The city fathers are again using the city as a political football for their own selfish ent to eaneque ent to thence people and the community. The oleo of the committee is anothor indication that City Council only intends to use the so-callod advisory committee in heading off any moves on the part -mi of bnefni onw oldoed ent to prove the deplorable conditions

existing in our community. They say "Politics make strange becolours" but this 'bod' vill go down in history.

basieveW cdt to vitationa Fire Department and prompt spotting of smoke billowing from window above Villere's Launge probably prevented disastrous block fire on Coleman Avenue in Waveland Sunday morning.

Jack Toomey noted the smoke from his service station across the street, and phoned Mrs. Oswald Villere, who with her husband, was downstairs in the Lounge, A customer rushed to summon aid and Mrs. Villere threw master switches on two electrical haxes.

For a few moments confusion reigned. First the fire house was locked and when the key was located, it was found that extension ladders were locked in the nearby scout

Speciators first thought that Villere, who has been seriously ill, was trapped in the binzing front room of the six-room apartment located over tho business. Brewster Molloro was momentarily overcome by smoke when he climbod into the bedroom using a ladder borrowed from neighbors. He escaped by crawling along the floor through danse smoke.

The engine, driven by Town Marshal Fred Bourgoois, arrived and fire fighters A. D. Dorn, Bob Lucas, Felton Cur-vas, Lee Ferrell, Bill Rado, Pete Peterson and George Ferry tried to comtain major damage to one room. Smolm blackened the blistered paint in other rooms which had just been renovated; and wall-towall carpeting, installed two weeks ago, was water soaled and soot smeared in all rooms

and on a staircass. Destroyed were a naw color television, bedroom suite, clothing, carpeting, air conditioner, watch, jewelry and a wallet containing \$90. Damages

were estimated at \$10,000. Malfunction of an electric blanket on Villere's bed was listed as probable cause of the blaze by Kenny Fayard, Waveland fire chief.

which began on January 1. Mrs. Kothmann is one of more than 300 Mississippians voluntarily participating in the comprehensive project.

current fiscal year which ends Sept. 30 the hospital operated at \$30,892.15 deficit even with county contribution of \$40,263. Trustees agreed to pay the

deficit for July and August for rental of tv's for patients. The Pink Ladies who operate this service wrote that they had insufficient funds to handle this debt. Rutherford suggested in future arrangements with the Pink Ladies should provide for the hospital to absorb the deficit on a yearly basis. At present, when the tv rental servvice shows a profit for a month this goes to the auxiliary but now when a month shows a deficit the hospital foots the bill. touchdowns, flanker back Sylvan Ladner should get a big slice of credit for St. Stanislaus 13-0 win over tough East Central High Friday night in Stanislaus Stadium.

The Jackson County Hornets, rated one of the best inlependent teams in South Mississippi, proved to be just as rugged as advance reports had indicated and on one occasion broke through the Rocks' defensive wall as Ladner was attempting to punt from the shadow of his goal posts. The pass from center was low and realizing he had no time to get off a kick with a half dozen big Hornets converging on him, Ladner took off for the left sideline, cut around end and sprinted 28 yards for a first down before being tackled by the Horne' safety man.

Ladner also stopped a Hornet scoring threat by intercepting a pass deep in Rockachaw territory and running the ball back to midfield, recovered a Hornet fumble, the only Rock recovery of the evening, to stop

" JUST LOOKING FOR A HOME"

Won't you please help me find a new family? I am only 2 1/2 years old and have many years of good service to offer to someone. My tires, appearance and mechanical attributes are good. My previous owner, Mr. Howard Wagner, traded me off for one of those beautiful 1967 Chevrolet. I don't blame him as the new bride is so lovely. Just wished I was 2 years younger. Maybe my new owner will change the color and then the romance will begin answ. Or maybe my new owner won't be so crazy about younger things. Anyway won't vou come by and have gasoline with me. Excuse me, i personally prefer regular gas, it agrees with me.

768s Top Secrets are here

The 1968 Chevrolets are the very essence of modern design. Every line every curve is in close harmony. It's a smooth uncluttered look with roof fines compatible with body lines, grilles and bumpers that blend grace fully into long, rounded fenders. Clean flowing beautiful in their simplicity these 68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE There are new engines, a bigger standard Six and V8. There's a new

regular fuel Mary res ponents in reason depend its Keep your than Chair and the stronger There's a law har skill ratio you can add fit produces omy On most engines (a) there is a special heater for the also as a

which gives you more efficient per formance in cold weather And with every engine, you get the new GM exhaust emission control

UNIQUE ASTRO VENTILATION There's a whole new idea in ventila tion, called Astro Ventilation, for Camaro. Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual mater cylinder brake system with ght plus many more new heat my Among them energy absorb- First backs, and safety arm-it is at the door handles.

upholds Junior reputation

All is not lost in Tiger-

Although the varsity Tigers hardt intercepted a pass and ran nave lost their first two games, coach Woody Alliston's Bay juniors came through with an impressive 14-6 win over Pass Christian junior high Thursday under the lights in Tiger Stadium, although they had to come from behind to do it.

The local lads had trouble getting started and Pass Christian dominated the early part of the game. The Pirates took the opening kickoff and marched down to the Tiger 10 but the defensive wall held and the Tigers got possession on downs but couldn't get rolling and the first quarter score was 0-0.

First break in the deadlock came early in the second period when a band of Pirates broke through to block Arthur Miller's punt and a Pass Christian lineman raced 30 yards giving the Pirates a 6-0 lead. After the ensuing kickoff the Tigers marched from their own 33 to inside the Pass Christian 10 when the half ended.

After the second half kickoff the young Tigers resumed their march and again were inside the enemy 10 yard line but a tough defense and penalties ended the threat and Pass Christian got possession but the Tiger defense held and the Pirates were forced to punt from the 10. Emmett White received the kick and raced 60 yards to tie the score. The kick was good and the Tigers led 7-6 at the end of the third period.

In the final frame some fine running by Truman Schultz. Melvin Soffra and White put the ball on the Pirates four from where David Manasco scored on a buck. He also kicked the PAT. When the game ended the junior

Valena C. Jones...

(Cont. from Page 1-B.) Lucedale scoring drives with pass interceptions, two by captain Peters and one by Alphonse Shepherd, but the offense was unable to reach paydirt.

Taylor completed 8 passes in 17 attempts for a total of 154 yards while Peters recorded 4 receptions for 96 yards. Leading the backfield in running was Hargett with 42 yards in 10 carries and Whavers

with 39 yards in 7 tries. Probably the toughest game on Jones' schedule is slated here tonight, against South Mississippi Athletic Conference champ, Purvis, undefeated in its last 15 conference games. Beaumont and Pass Christian have already fallen before the Purvis attack this season, but ∞ach Bradley thinks his defensive wall will hold if they don't have a wet track.

"YELLOW ROSE OF MISSISSIPPI"

I am a yellow Dodge Dart with a black vinyl top and interior. I have bucket seats, console automatic transmission and if I may say so "I am a beautiful, well kept piece of merchandise. My original owner Mr. Wylie Hipp of Wavoland kept me in the finest of fashions. My tires are good, my body clean and beautiful, my engine and transmission in perfect purring condition. As far as I am concerned the price they are asking at Gerry Lane Chevrolet is much too cheap. But you know how the folks are at Gerry Lane. They just aren't happy to have nice cars like me around. Won't you come in and look at me and get me away from all these 100 other cars,

THE HENRY HEITZMANNS LEARNED ABOUT

My wife and I were extremely dissatisfied with our other car, Whon we bought our provious car we didn't consider

such things as accossories, power, servicing etc. We do-

cided to trade our car for one that would fit our needs and

wants more. However, since we had only had our other car

for a short while our budget was protty well entended - we

couldn't find a dealor or salesman on the Gulf Coast that

would even figure with us. That is, until we shopped here

at home. Corry Lans Chovrolot worked our problem out to

our complete surprise and satisfaction. Try the courteous

BUYING CARS FROM PAST MISTAKE.

Please accept this as my sincere thanks to you who worked to hard in my behalf and to those of you who voted for me.

To ALL the people of thin Senatorial District, I now earnestly ask for your cooperation and support so that the most can be accomplished for our district.

I have already begun preparations for the coming session of the Legislature which will convene on January 2, 1968. If there is any matter in which you are particularly interested, please let me know and I will be hoppy to discuss it with you.
